## STEPHENS CO. REORGANIZED ON NEW LINE

Completion of its incorporation and reorganization, with the election of new officers, is announced by the Stephens Motor Car Company, Incorporated, of Moline and Freeport, Ill. The executives are all men who have been associated with the development of the Stephens production and sales organization from the beginning of the enterprise. The Stephens business in all its phases is now established as a separate and individual company, a subsidiary of the Moline Plow Company, Incorporated.

R. W. Lee, executive vice president and general manager, is in charge of Stephens operations both at Moline and Freeport. Mr. Lee's headquarters are at Moline, where the Stephens executive offices and sales department are now located.

Among the directors of the new Stephens Company which represent the Stephens and Moline-Plow interests, are representatives of some of the largest and strongest commercial banks of the country. To an unusual degree they represent actual ownership of the company.

The Stephens executive and sales offices are located in Moline. The factories are at Freeport. The Stephens lines now includes seven models—four open and three enclosed body types—ranging in price from \$1575 to \$2550.

## GOLF TOURNAMENT TO BE HELD AT ROSWELL

Special to The News

BOSWELL, N. M., Aug. 15.—The Roswell Country Club has issued invitations for the New Mexico Open Championship Golf Tournament to be held at the Roswell Country Club September 2, 3 and 4, under the auspices of the New Mexico Golf Association.

This is expected to be the largest golf tournament ever held in the state. A number of cities have already indicated that they will have several players here to participate. Many improvements have been made in the course, and it will be in better shape for the tournament than ever before. The Roswell course is different from many others because of the overhead hazards. There are many trees on the course which will be a new feature to many of the visiting players. The fairways, however, are in good condition and covered with a thick carpet of Bermuda grass which has been kept well irrigated throughout the summer.

The business session of the State Golf Association will be held at the Country Club on Friday evening September 1.

On Saturday, September 2, the qualification tests will be played, and in the evening there will be an informal dance at the club.

The elimination flights will run all day Sunday, September 3.

Monday, September 4, the semifinals will be played, as will the consolation and handicap tournaments.

The finals will be played Tuesday, September 5.

The Roswell Country Club will give a silver cup as the championship trophy. There will also be a silver cup trophy in the consolation contest. In the handicap tournament the prize will be two dozen golf balls.

Visitors are especially urged to remember to bring bathing suits. The Country Club lake offers the finest swimming in the world, and visitors will be delighted with this feature alone, even if they do not play golf. Mid-day lunch will be served to all players and guests, including visiting ladies, at the club house on Saturday, Sunday, and Monday. There will be other entertainment features, so that visitors will have a big time from the minute they arrive until they leave.

Following is a brief description of the course:

No. 1, par three, 146 yards, over a neck of the lake; bunkers at the green.

No. 2, par four, 214 yards, over road and trees near the tee, bunkers at the green.

No. 3, par four, 229 yards, bunkers at the green.

No. 4, par four, 244 yards, road.

character whatsoever, save and except in a regularly constructed and conducted Auditorium, Opera or Theater Building.

SECTION 2. The foregoing section shall apply to all "shows," "Performances," and exhibitions, "Medicine Shows," "Panoramic" or "View Shows," "Menageries," "Carnivals," "Circuses," "Wild West Shows," or "Rodeo Shows," "Acrobatic Performances," "Wax Shows," "Moving Picture Shows," "Dramatic or Theatrical" productions or "Skating Rinks," held in or exhibited upon the streets or under any tent, or in any indoor hall or building within the City Limits of Amarillo, except as mentioned in said Section.

SECTION 3. Any person, member, agent or representative of any firm, corporation, joint stock company or association, who shall violate the provisions of this ordinance and be found guilty of such violation, shall be fined for each violation in the sum of not less than Fifty and No 100 (\$50.00) Dollars nor

more than Two Hundred and No 100 (\$200.00) Dollars, and each exhibition, performance or show shall constitute a separate offense.

SECTION 4. This Ordinance shall be in full force and effect from and after its passage and publication in compliance with the terms of the City Charter of the City of Amarillo.

SECTION 5. Ordinances Nos. 299 and 349 and all ordinances and parts of ordinances in conflict with this ordinance are hereby repealed and declared of no further force and effect.

INTRODUCED at a Regular Meeting of the City Commission of the City of Amarillo on the 2nd day of August, A. D. 1922, and finally passed at a Regular Meeting of said City Commission on the 14th day of August, A. D. 1922.

(Signed) LON D. MATHERS, Mayor.

ATTEST: (Signed) W. P. Schopper, City Secretary.

August 16th and 22d. Effective September 2d, 1922.

# No Cut in Stephens' Price or Quality

PRICE reductions have been the main feature of the advertising and selling efforts of several automobile companies in the last ten days. Naturally we have received many inquiries from owners, dealers and prospective buyers as to our policy on Stephens prices.

Our policy is fixed. Stephens prices will not be cut until motor cars of Stephens quality can be manufactured, through lower labor and material costs, for less money.

Our profit is fair—one that any honest manufacturer is entitled to and must have.

Every man and woman who has learned by experience that price is not the chief consideration in the purchase of any article of value—or a safe way ever to measure value—will understand and approve this position.

Stephens motor cars are manufactured in limited numbers by a hand-picked organization of engineers, mechanics and expert body builders. Every precision method and factory economy which can be used in the production of a high-grade motor car is employed.

None but the best materials are used. They are forged, machined, fitted and tested with a care and fine craftsmanship unknown today except on a few high-grade motor cars.

Of the units not manufactured by Stephens—Timken axles, Fedders radiators, Gemmer steering gears and controls, full alloy springs—each is of a type and quality found in no other car in the Stephens price group.

### Jack Daw's Adventures

(This Feature Appears Exclusively in the Daily News)

By Leslie Elton

JACK SHOOK HANDS HEARTILY WITH THE OLD MAN, HE WAS GLAD TO MEET A REAL FRIEND AFTER BEING AWAY FROM HOME SO LONG. THEN THE OLD MAN TALKED HIM UP IN THE MOUNTAINS, TO KEEPS HIM ALONE.

A PRETTY GIRL THOUGHT JACK, WHEN THE OLD FELLOW BENT DOWN TO THE TOP AND THEN HAD TO HELP HIM OVER. FAITHFUL FLIP FOLLOWED SLOWLY ALONG BEHIND.

WHEN THEY REACHED THE LABORATORY JACK WATCHED THE OLD MAN FIX UP HIS CHEMICALS SUDDENLY A BEAR'S HEAD APPEARED OVER THE HILL EDGE. THEN--CONTINUED IN THE NEXT CHAPTER.
